Mission
FEF strengthens the metal casting industry by supporting unique partnerships among students, educators and industry, helping today’s student’s become tomorrow’s leaders.

Vision
Providing resources for developing talent to support the success of the metal casting industry.

Brief History of FEF
- Launched in 1947 by a collaboration of industry leaders, societies and post-secondary schools
- Provided scholarships to over 20,000 students in metal casting programs
- Student industry placement averages 80% even in difficult times
- Thousands of students, industry professionals and professors have attended the annual College Industry Conference (CIC), the premier connector of people who drive FEF’s mission. This event is held each year in November.
ENSURE THE FUTURE

Why Include FEF in Estate Planning?
Each year, Americans leave more than $23 billion to charitable organizations through estate plans to sustain operation and achieve their missions. Likewise, the continued work of FEF depends on the generosity of interested professionals and those who were once students and have gone before. **Give back and sustain the FEF vision. Leave a durable, dependable legacy and ensure that FEF achieves its mission.**

ESTABLISH A LEGACY

The Saugus Society
Members of the Saugus Society have designated an intended gift to the Foundry Educational Foundation as part of their estate planning. Gifts may be assigned to a specific FEF approved school or the general fund. Through the generosity of these donations, future generations of metal casting engineers will receive scholarships, internships, mentoring by Key Professors, specialized curricula and the opportunity to engage in hands-on metalcasting education.

PLEDGE TODAY

Becoming a Saugus Society Member
Consult with your financial advisor, accountant and/or attorney regarding which type of planned gift is most appropriate for your personal situation and charitable goals. Choose an acceptable gift type: bequests, IRAs, charitable remainder trusts, life insurance policies, charitable gift annuity, and real estate. Inform FEF by returning the enclosed response envelope or visiting our website (www.fefinc.org).
